

**Reach Up For The Sunrise**  
**Duran Duran**

**Dm**                      **C**            **G**            **F**  
Now the time is come, the music between us  
Though the night seems young - is at an end  
Only change will bring you out of the darkness  
In this moment everything is born again

**G**                      **D**  
Reach up for the sunrise  
**F**                      **Dm**  
Put your hands into the big sky  
You can touch the sunrise  
Feel the new day enter your life

Now the fireball burns, we go round together  
As the planet turns into the light  
Something more than dreams to watch out for each other?  
Coz we know what it means to be alive

Reach up for the sunrise  
Put your hands into the big sky  
You can touch the sunrise  
Feel the new day enter your life
