She s working all through the night.

The evidence she required.

Takes five; she s got pearls.
F#m **G**
Don t fake it when it comes to making money.
A6 **A6**
So she smiles. But that s cruel.
F#m
If you know what she thinks

If you knew what she was after.

Doctors of the revolution gave us
The medicine we desired.
Besides being absolutely painless
It s a question of compromise.
They got steel.
So cool to get angry at the weekend
And go back to school.
So big deal; it s what rules.
When it comes to making money,
Say yes, please; thank you.

Sometimes you wonder, and ask yourself the question.
