

**Sunrise**

**Duran Duran**

#-----#  
Duran Duran - Sunrise  
#-----#

One of the greatest songs ever. Searched the chords on keyboard while paying attention to what is actually played, because I had not found a correct version yet. Below is my best guess.

Intro: **Ebm7**

Verse:

**Ebm** **C#/D**  
Now the time has come  
**Bbm/D** **G#m7**  
The music s between us  
**Ebm** **C#/D**  
Though the night seems young  
**Bbm/D** **G#m7**  
Is at an end  
**Ebm** **C#/D**  
Only change will bring  
**Bbm/D** **G#m7**  
You out of the darkness  
**Ebm** **C#/D**  
In this moment everything  
**Bbm/D** **G#m7**  
Is born again

Chorus x 2

**G#m** **Eb**  
Reach up for the sunrise  
**F#** **Eb**

Feel the new day enter your life
