Duran Duran - Sunrise
#-----#

One of the greatest songs ever. Searched the chords on keyboard while paying attention to what is actually played, because I had not found a correct version yet. Below is my best guess.

Intro: **Cm7**

Verse:

Cm **Bb/D**
Now the time has come
Gm/D **Fm7**
The music s between us
Cm **Bb/D**
Though the night seems young
Gm/D **Fm7**
Is at an end
Cm **Bb/D**
Only change will bring
Gm/D **Fm7**
You out of the darkness
Cm **Bb/D**
In this moment everything
Gm/D **Fm7**
Is born again

Chorus x 2

Fm **C**
Reach up for the sunrise
Eb **C**
Put your hands into the big sky
Fm **C**
You can touch the sunrise
Eb **C**
Feel the new day enter your life
