Duran Duran - Sunrise
#-----#

One of the greatest songs ever. Searched the chords on keyboard while paying attention to what is actually played, because I had not found a correct version yet. Below is my best guess.

Intro: **C#m7**

Verse:

C#m **B/D**
Now the time has come
G#m/D **F#m7**
The music s between us
C#m **B/D**
Though the night seems young
G#m/D **F#m7**
Is at an end
C#m **B/D**
Only change will bring
G#m/D **F#m7**
You out of the darkness
C#m **B/D**
In this moment everything
G#m/D **F#m7**
Is born again

Chorus x 2

F#m **C#**
Reach up for the sunrise
E **C#**
Put your hands into the big sky
F#m **C#**
You can touch the sunrise
E **C#**
Feel the new day enter your life
