Duran Duran - Sunrise
##
One of the greatest songs ever. Searched the chords on keyboard while paying
attention
to what is actually played, because I had not found a correct version yet. Below
is my
best guess.
Intro: C#m7
Verse:
C#m B/D
Now the time has come
G#m/D F#m7
The music s between us
C#m B/D
Though the night seems young
G#m/D F#m7
Is at an end
C#m B/D
Only change will bring
G#m/D F#m7
You out of the darkness
C#m B/D
In this moment everything
G#m/D F#m7
Is born again
Chorus x 2

Reach up for the sunrise

You can touch the sunrise

Put your hands into the big sky

Feel the new day enter your life
