

Union Of The Snake
Duran Duran

(Bm)Telegram force and ready
I knew (F#m)this was a big mistake.
There s a (Bm)fine line drawing my senses together,
And I (F#m)think it s about to break.

If I (G7)listen close I can (F#7)hear them singers, (E7)oh oh oh...
Voic(G7)es in your body coming (F#7)through on the radio,(E7)ho,ho...

The (Bm)union of the snake is on the climb.. (F#) (G)
Moving (Bm)up, it s gonna race, it s gonna break through the, borderline(F#) (G)
)

Nightshades on a warning
Give me strength at least give me a light.
Give me anything even sympathy
There s a chance you could be right.

(Chorus) (Chorus pt2)
