

Want You More!
Duran Duran

I tabbed them with my keyb (as always). Might be wrong.

Em (D)
You had plans all along
Em
Must have seen me coming down
(D)
A mile above the ground
Em (D)
Cos I am weak where you are strong
Em D
It s a thrill that makes me curious!

Am D C C
Whatever I m thinking of
You always seem to know.

Am D
Cos nothing is good enough
C
There s always something
C
To keep me guessing

E C A
Why does it feel right if you re just faking?

E A C
What if you knew you could?

E C A
What if you get up on manipulating?

E A C
Why does it feel so good?

Drive in the car
Turn up the sound
Gets your head in the ailes
Don t matter, gonna feel the blast
I pick you up, you throw me down
And it only gets more serious!

What could you be thinking of?
You never let it show
Cos you give me just enough
There s always something
You keep me coming!

Why does it feel right if you re just faking?
What if you knew you could?

What if you get up on manipulating?
Why does it feel so good?

E

Why do I want you more?
Why do I want you?

C A

Why do I feel so tall?

E

Why do I want you more?
Why do I want you?

A C

Why do I want you more!?

{ **E C A E A C** x 2

Oh oh oh oooh yeah

What could you be thinking of?
You never let it show
Cos you just give me just enough
There s always something
You keep me coming
Just keep me coming!
