

**What Happens Tomorrow**  
**Duran Duran**

Tuning: Standard

Listen to any live version to get a clear idea how Andy Taylor plays it in real time.

Otherwise, this is easy to strum to on acoustic as well.

Intro and Verses:

Child, don t you worry...

Fm C#sus/E B Esus

```

Not sure on the guitar solo during the later part of the song, though I m sure it d be easy to do a simple rendition of by just listening to the song.
