

**Consider The Ravens**  
**Dustin Kensrue**

Artist: Dustin Kensrue  
Song : Consider the Ravens  
Tabbed by: Comrade Stukov

This is by and far one of the easiest songs to play off of dustin s solo album as its only 4 chords, standard tuning, and no capo. Please feel free to email any corrections to lockenhart@hotmail.com

Two quick note, when dustin plays his Am he likes to embellish it by hamering the open g string to the a, and on rollup to chorus the sequence is

E--2--3--5--  
B--3--3--3--  
G--2--2--2--  
D--0--0--0--  
A-----  
e-----

Played slightly upbeat, to help maintain rhythm when you slap strings for beat, strum as you hit the guitar (little jack johnson trick)
