Verse 1:

**F#m A**  
You can see the dust from the trucks in the sunset  
**C#m E**  
Heading out down Lazy Branch Road  
**F#m A**  
High beams cutting a trail through the hay fields  
**E D**  
Crossing the creek where the fuzz can't go

**F#m A**  
Make a few calls and the girls come running  
**F#m A**  
Guess me and the boys have got it going on  
**F#m A**  
The way they're looking all summertime sexy  
**E D**  
Can make a party last all night long

Chorus:

**D A**  
We got the drink drank, we got the tracks cranked  
**E F#m E**  
We got the bass down low (whoa)  
**D A**  
Girls got their shaker shaking, a buzz in the making  
**E F#m E**  
They're going out of control, (whoa)  
**D A**  
They're getting with it burning hotter by the minute  
**E F#m**  
You know you got the perfect night

When you got the girls  
**D E**  
Dancing, dancing, dancing in the headlights

Bodies moving to the beat of the music

Shadows dancing in the top of the trees

Lost in the moment, caught in the beam
