

Hot little honey climbing up on in my truck

Eb **B**

Rolling along sitting shotgun

F# **Eb**

Look like a firecracker coming undone

Eb **B** [Pause]

Make your heart jump, jump, jump, like

Chorus:

C# **Eb**

Yeah, were kings and queens

B **F#**

Cruising South Jackson Street

C# **Eb** **C#** **B** **C#** **F#**

Riding up and down that all night merry go round

C# **Eb**

Just more of the same old same

B **F#**

Making memories with time to waste

C#

And it ran out we took

Eb **C#** **B** **C#** **F#**

One last lap around this town

F# **C#** **Eb** **B** (x2)

Bridge:

B **C#**

And every time I come back here

B

It takes me back to the years

C#

when we would drive around and around

and around and around singing

Chorus(x2):

C# **Eb**

Yeah, were kings and queens

B **F#**

Cruising South Jackson Street

C# **Eb** **C#** **B** **C#** **F#**

Riding up and down that all night merry go round

C# **Eb**

Just more of the same old same

B **F#**

Making memories with time to waste

C#

And it ran out we took

Eb **C#** **B** **C#** **F#**

One last lap around this town
