Chained To A Memory

G# **C**
Why am I chained to a memory?
Fm **E+** **G#** **Fm**
Why does the thought of you still torture me?
E+ **G#** **Fm**
When will I find someone to set me free?
D# **Fm Bbm** **D# G# C# D#**
So I won t be chained to a memory,

Why am I chained to the hurt I knew?
Each day the thought of something so cruel to do
Where in this world will I escape from you?
So I won t be chained to a memory

C#
Your letters threw them on the fire
Cm
Your pictures out the window
C# **D#** **Fm**
All that I could find that reminded me of you
Bb7 **C#**
I threw them all away

I get up in the morning I m pacing the floor
Like I m expecting you to walk in the door
I keep forgetting I won t see you anymore
Guess I m doomed to be chained to a memory

Repeat last verse in the key of A
