

Dont Forget About Me
Dusty Springfield

Don t Forget About Me

A **G** **A**
Baby, I know you ve got to go
 G **A**
I have no right to tell you not to go
 D **G** **D**
The road just isn t there for us
G **E7**
There never was a prayer for us

You know how much I want you now
I don t wanna stay here, give you fits and haunt your mind
And for now, baby, since you re free to choose again
It s your life to win or lose again

Chorus:

A **C** **D** **A**
But, hey, just don t forget about me, now, baby
 C **D** **A**
Baby, please, just don t forget about me, now, baby
 D **A** **D** **A**
Today I cannot borrow a minute of your tomorrow
G **C**
Don t let it cause you sorrow,
 A **C** **D** **A**
Come on baby, please, just don t forget about me, now, baby
 C **D** **A**
Just don t forget about me

Ah, someday, our paths may cross again
Baby, then we ll find the kind of love
We ve lost again, but for now, I ve got to let you go
It s ourselves we ve got to get to know

Chorus
