Learn To Say Goodbye

G **Bm7**
When I close my eyes I can see your face
C **Cm** **B**
Tho I try I can t believe that you are gone
G **Bm7**
There s a part of you that s a part of me
C **Cm** **B7**
And no matter where I go it comes along
Em **Em/D** **Em/C#** **Em/C**
Reminding me of all the good times and, of course, some of the bad
Em **Em/D** **Em/C#** **A7**
But then again, some of those hard times were the best we ever had

Chorus:

G **Bm** **Em**
How can I learn to say goodbye to the only life I ever knew?
F **D**
Learn to say goodbye to you?
G **Bm** **Em**
How can I learn to say goodbye? Tell me how do you expect me to
F **D**
Say goodbye to you?

When I needed you, you were always there
You were more than love to me, you were a friend
They say that time is all that matters and to live it while it lasts
But I can t stop from reminiscing Or stop living in the past

Chorus
