Bm7

When I close my eyes I can see your face

C Cm B

Tho I try I can t believe that you are gone

G Bm7

There s a part of you that s a part of me

C Cm B7

And no matter where I go it comes along

Em Em/D Em/C# Em/C

Reminding me of all the good times and, of course, some of the bad

Em Em/D Em/C# A7

But then again, some of those hard times were the best we ever had

Chorus:

G Bm Em

How can I learn to say goodbye to the only life I ever knew?

' D

Learn to say goodbye to you?

G Bm En

How can I learn to say goodbye? Tell me how do you expect me to

F D

Say goodbye to you?

When I needed you, you were always there
You were more than love to me, you were a friend
They say that time is all that matters and to live it while it lasts
But I can t stop from reminiscing Or stop living in the past
