Nothing Is Forever

B **D#m7** **E** **D#m7**
Nothing is forever, always is a dream
G#7 **C#m7** **F#** **B**
Life goes by so fast, you try to make it last
 A **C#m7** **F#**
The future turns to past and summer turns to snow, Ohhh....Ohhh

Nothing is forever I will understand
If you want me for tonight just come and hold me tight
And with the morning light if summer turns to snow

B **D#m7** **E** **F#**
You can go, Ohhh....Ohhh....

B
Now here I am wanting you

E **C#7**
Yes, here I am wanting to

For a lifetime or a day or just the month of May
Well, it s easier to stay knowing you can go
Ohhh....Ohhh....

B **D#m7** **E** **F#** **B**
And nothing is forever, nothing is forever
