

So Much Love
Dusty Springfield

So Much Love

D **A** **D** **A**
In the midst of all my darkness, baby, you came along to guide me
D **A** **D** **A**
You took pity on a lonely girl when you said you'd stand beside me
D **Bm**
I'll never forget you for what you've done
 G **A7**
I'll never turn my back on you for anyone

Chorus:

D **G** **A7**
I got so much love to give you
 D **G** **A7**
Baby, I got so much love to give you
 D **Bm** **Em**
Oh, there's more than enough to last a whole life through, yes
A **D**
And it's all for you

My world was cold and so empty and my life so unfulfilling
When I needed someone to pick me up you were, oh, so willing
Now to you it might seem a little thing
But to me it seemed you'd changed my winter to spring

Chorus

Bm **F#m** **Bm** **F#m**
There's so few men nowadays who understand the soul of a woman
Bm **F#m**
Now they're always on the take
 Bm **F#m**
And they're never giving, never offering a helping hand
Bm **F#m** **Bm** **F#m**
Oh baby, I can count on you whenever trouble calls you see me through
Em **F#m**
You show your love in so many ways
Em **A7**
I'm gonna love you for the rest of my days, yeah

I got so much love to give you
Baby, I got so much love
