Swe-e-eet ride.

Give up, you won't survive
C# B C# B
You'll never get out alive

This world won't let you I bet you

And if it did what's it gonna get you?

What counts is a-how you feel inside

Girls love's the sweet ride, mmm
Sweet, sweet, sweet, sweet, sweet, sweet, sweet, sweet, sweet ride
You'd better hang loose, don't come undone
It's better to walk than run
Each day is just something to glide on
And each night's made to slip and slide on
What counts is a-how you feel inside

Girls love's the sweet ride
Sweet, sweet, sweet, sweet, sweet, sweet, sweet, sweet, sweet ride

D
Sweet, it's such a sweet, sweet ride, yeah

Hang loose... (up to D)

Girls, love's the sweet ride
Sweet, sweet, sweet, sweet, sweet, sweet, sweet, sweet, sweet ride
