F#m **B**
Everybody s got different sides to em
C#m **B A**
She s no exception to the rule
F#m **B**
One day she s hotter than the sun
C#m **B A**
Next she s colder than the moon
F#m **B**
You say you want to feel appreciated
C#m B A
So before you come around
F#m B
I can ask how far it s come
C#m B A
To be ready for us now

G#m B E F#m

F#m **B**
Now how shit begins don t represent the end
C#m **B A**
It s not always what it s about
F#m **B**
There s ups and downs to the East and the West
C#m B A
Sometimes it s north and south
F#m **B**
I pray for all my meals
C#m B A
And I hope to God hope that he can hear me
F#m **B**
Don t let her get caught up now
C#m B A
Cause the world out there is less forgiving

G#m B E F#m
Always thought she was the prettiest
C#m F#m C#m A
But she don t know
