Dreams will come, dreams will go and memories wander
Tiny towns, they disappear, while destiny slumbers
The fire and glass, where danger lives, is shrinking inside us
The shooting stars that left their scares, they tap on our windows
And you and I, we had our time, when we were lovers

G **Em** **C** **D**
For love that once came before, its like walkin on water
For little hearts, behind the doors we re walkin on water
Exploding skys, they light the shores, they re like walkin on water
The songless chords, that we explored, they re like walkin on water
And will??? lost, to so much more, we were walkin on water
