

## Shifting Gears

Dylan Brady

[Verse 1]

**G**  
In a rush so we took a back road  
**C** **Em**  
Couldnt t wait when you re sitting that close I can t concentrate  
**D**  
I can t take it when you  
**Cadd9** **C**  
Slip ya hands in the holes of my jeans  
**Am** **G**  
In my jeep, tearin up these side streets  
**C**  
I bet your lips taste  
**Em**  
A little better on a one way

[Pre-Chorus]

**G** **C** **D** **Em**  
Crusin , whippin through my veins runnin down my spine  
**C** **Cadd9**  
Sudden rush I can t explain  
N.C.  
But I love the way

[Chorus]

**D** **Am**  
We shift gears when we re driving down a back road  
**C** **Cadd9**  
You give me those eyes so I know, oh I know, what s about to go down,  
**G**  
oh baby I m so down  
**Em** **C**  
You sayy pull over, so I pull over  
**D** **Am** **C** **Cadd9**  
And we shift gears when you go from riding shotgun to laying in the back seat,  
**G** **Em**  
telin me to come back and see what happens  
**G** **C**  
whatever happens, happens  
**D**  
When we shift gears

[Verse 2]

**G**  
Silhouettes foggin up the four-door  
**C**  
you can leave your t-shirt on the floorboard

**Em**

Hands walk down my chest

**D**

hairs stand on my neck

**Cadd9**

Fingertips grip the curves of your body

**Em**

Breathin quick cause you know that you got me

**G C D**

cruisin , whippin through your veins

N.C.

girl I love the way

[Chorus]

**D Am**

We shift gears when we re driving down a back road

**C Cadd9**

You give me those eyes so I know, oh I know what s about to go down,

**G**

oh baby I m so down

**Em C**

You say pull over, so I pull over

**D Am C**

And we shift gears when you go from riding shotgun

**Cadd9 G**

to layin in the back seat, tellin me to come back,

**Em**

and see what happens

**G C**

whatever happens, happens

**D**

when we shift gears

[Bridge]

**Am Em**

Right here in the car against eachother in the dark

**C**

might go a little to far

**G D**

But who cares where we are

[Chorus]

N.C.

Cause we shift gears when we re driving down a back road

N.C.

you give me those eyes, so i know, oh I know,

N.C.

what s about to go down, oh baby I m so down

N.C.

You say pull over, so I pull over

**D Am C**

And we shift gears when you go from riding shotgun

**Cadd9**

to laying in the backseat tellin me to come back and see that happens,  
**G** **C D**  
whatever happens, happens

[Outro]

**G**  
Oh we shift gears in this parked car,  
**C** **Em**  
on a backroad, we re on our own,  
**D** **Cadd9**  
all alone, no one knows what we do,  
**Em** **G**  
just us two, just me and you  
**D** **Am**  
so let s shift gears

Baby  
**D** **Am**  
Oh let s shift gears
