```

**G D/F# Em9 Dsus4 Cadd9**

Sleep all summer long

**G D/F# Em9 Dsus4 Cadd9**

for when the autumn comes

**G D/F# Em9 Dsus4 Cadd9**

I ll be tangled in your arms

**G D/F# Em9 Dsus4 Cadd9**

with the miles between us long gone.

(Repeat for all verses)

Dream all summer long  
for when the autumn comes  
you ll have wandered into my arms  
full of memories of a season long gone.

**G Em9 Cadd9**

Try and remember the fireflies and the twilight s

**G Em9**

and how the dusk lasted so long that

**Cadd9**

you thought the day had won

**G Em9 Cadd9**

and that idea that made no sense

**G Em9 Cadd9**

so lonely and out of place at home in your own bed

you re not alone... (play **G D/F# Em9 Dsus4 Cadd9**)

Sing all summer long  
for when the summer s gone  
and you re drifting off in my arms  
I will sing you to sleep with that very same song  
so you ll know you re not alone
