

Journey Of The Sorcerer
Eagles

This is the main part and not the sort of chorus, HitchHiker s Guide bit.

```
E-----|
B---6-4-3-1---6-4-3-1---6-4-3-1---6-4-8-6-|
G-5-----3-----2-----1-----|
D-----|
A-----|
E-----|
```

The HitchHiker s Guide movie-version has a variation on the 6-4-3-1 bit which goes like this--

```
E-----|
B---6-4--1H3-4P1-|
G-5-----|
D-----|
A-----|
E-----|
```

And then a variation on the 5-3-2-1 which goes like this --

```
E-----|
B----4----6-4-3-1---|
G-3H5--3H5-----|
D-----|
A-----|
E-----|
```

The strumming bit is muted in parts but is basically Am, Am7, D7, F6, played with the on the 3rd fret (Cm, Cm7, etc...)

So, that s about it. This is my first tab. Thanks.
