

No More Cloudy Days

Eagles

[Verse 1]

F#

Sitting by a foggy window

B/G **C#7sus/G**

Staring at the pouring rain

F#

Falling down like lonely teardrops

B/G **C#7sus/G**

Memories of love in vain

[Break]

Bbm **Ebm** **G#m** **C#**

These cloudy days, make you wanna cry

Bbm **Ebm** **C#sus** **C#**

It breaks your heart when someone leaves and you don't know why

[Verse 2]

F# **B/G** **C#7sus/G**

I can see that you've been hurting, maybe I've been lonely too

F# **B/G** **C#7sus/G**

I've been out here lost and searching, looking for a girl like you

Bbm **Ebm** **G#m** **C#**

Now I believe the sun is gonna shine

Bbm **Ebm** **C#sus** **C#**

Don't you be afraid to fall in love, put your hand in mine...

[Chorus]

B

Baby, I would never make you cry

F#

I would never make you blue

B

I would never let you down

F#

I would never be untrue

Ebm **C#6** **F#** **G#**

I know a place where we can go, where true love always stays

C#sus **C#** **C#sus** **C#**

There's no more stormy nights, no more cloudy days
