

No More Walks In The Wood

Eagles

Capo V

Strum the chords around the words; you ll get a feel for what goes where after a couple times. Also, please not chords have been repeated twice to denote when to strum once, example, at the start is a Dm, and then you strum another Dm over trees .

Dm

No more walks in the wood
 Dm **Am**
The trees have all been cut down
Gm **Bb** **C**
And where once they stood
 Dm **Am**
Not even a wagon rut
Dm **G**
Appears along the path
Gm **Am**
Low brush is taking over

Dm

No more walks in the wood
 Dm **Am**
This is the aftermath
 F **F** **C**
Of afternoons in the clover fields
Bb **Gm**
Where we once made love
 F **Bb**
Then wandered home together
 Bb
Where the trees arched above
 F **Bb**
Where we made our own weather
 F **Bb**
When branches were the sky
 Gm **Am**
Now they are gone for good

 Dm **G**
And you, for ill, and I
 Gm **Am7**
Am only **A** passer-by
Bb **F/A** **Gm**

We and the trees and the way
Am **Gm** **Dm**
Back from the fields of play
Gm **Dm** **Am**
Lasted as long as we could
Bbmaj7 **Am7** **Dm**
No more walks in the wood

That s all there is to it. A really simple song. I love playing this at our church in three part harmony.
