C

When you re out there on your own

Fmaj7

Where your memories can find you

C

Like a circle goes around

You were lost until you found out

Fmaj7

What it all comes down to

F **Em** **Dm** **Em** **G** **C**

One by one, the lonely feelings come

F **Em** **Dm** **Em** **G** **C**

Day by day, they slowly fade away

Ooh, the look was in her eyes

You never know what might be found there

She was dancing right in time

And the moves she made so fine

Like the music that surrounds her

Should I stay or go? I really want to know

Would I lose or win if I try and love again?

(chorus)

Fmaj7 **C**

Oh, I m gonna try and love again

Fmaj7 **C**

Oh, I m gonna try and love again

Fmaj7 **C**

Oh, I m gonna try and love

(solo)

Right or wrong, what s done is done
It s only moments that you borrow
But the thoughts will linger on
Of the lady and her song
When the sun comes up tomorrow
Well it might take years to see through all these tears
Don t let go, when you find that you will know

(chorus several times and fade...
