

Eb
Bb
 Because I m wilder than her, drives her out of her mind

G# **Eb** **Bb**
 I guess she thought she was just one of a kind
Eb **Bb**
 But she s a summer storm, I m a hurricane
G# **Eb** **Bb**
 One just blows through town, one blows the town away
Eb
 And I m wilder than her

G# **Eb**
 But when she takes my hand and she looks me in the eye
G# **Eb** **Bb**
 I see something that I ve never seen in my life
Eb **Bb**
 She takes the fire and turns it down low
G# **Eb** **Bb**
 She takes the night and makes it not so cold
Eb **Bb**
 She takes the distance and breaks it into miles
G# **Eb** **Bb**
 She makes my life a little less wild

Eb **Bb**
 Because I m wilder than her, drives her out of her mind
G# **Eb** **Bb**
 I guess she thought that she was just one of a kind
Eb **Bb**
 But she s a summer storm, I m a hurricane
G# **Eb** **Bb**
 One just blows through town, one blows the town away
Eb
 And I m wilder than her
