When You Come To Land
[Intro]

C Dm G C F C

[Verse 1]

C

That time is coming round again

G

I can feel it in the air

F

G

Restless nights and day dreaming

C

The symptoms are all there

C

Oh it's all coming back to me

F

I'm preparing for the pain

C

But each time it gets harder

G

C

I feel I'm going insane

[Chorus]

C

F

So you're going to fly again

C

I always knew you would

G

Never tried to hold you back

C

Didn't think I should

F

But darling when your wings get tired

C

When it's tough against the wind

C

Dm

Baby think of me

G

Let me be your tree

C

When you come to land

[Solo]

C Dm G C F C

[Verse 2]

I used to wonder if Iâ€™d done you wrong

Or were you using me

I guess I didnâ€™t understand

How you needed to be free

But darling when that time will come

And youâ€™ve tried all the wine

Spread your wings just once again

And come back to be mine

[Chorus]

[Tag]

Baby think of me

Let me be your tree when you come to land
