

When You Come To Land

Eamon McCann

When You Come To Land

[Intro]

**C Dm G C F C**

[Verse 1]

**C**

That time is coming round again

**G**

I can feel it in the air

**F**

**G**

Restless nights and day dreaming

**C**

The symptoms are all there

**C**

Oh it's all coming back to me

**F**

I'm preparing for the pain

**C**

But each time it gets harder

**G**

**C**

I feel I'm going insane

[Chorus]

**C**

**F**

So you're going to fly again

**C**

I always knew you would

**G**

Never tried to hold you back

**C**

Didn't think I should

**F**

But darling when your wings get tired

**C**

When it's tough against the wind

**C**

**Dm**

Baby think of me

**G**

Let me be your tree

**C**

When you come to land

[Solo]

**C Dm G C F C**

[Verse 2]

I used to wonder if Iâ€™d done you wrong

Or were you using me

I guess I didnâ€™t understand

How you needed to be free

But darling when that time will come

And youâ€™ve tried all the wine

Spread your wings just once again

And come back to be mine

[Chorus]

[Tag]

Baby think of me

Let me be your tree when you come to land
