[#1]

**C G A- Em**  
Set out all your five cent drinks and cool the  
**F C G A- Em F**  
carafe for the apple or the lemonade

Stay up on the right hand curb in case a cop become a siren  
Run a light and off you girl

I know that summer s slowing down but lift your chin up off the ground  
I m sorry I had to sleep so late  
My God has five o clock already come and gone?  
... come and gone

It must have been a storm my dear that tore through August  
Left the street a mess and wet with rain

Step out from off my shoulders girl it s you that I get optimistic over anyway

I know that summer s slowing down but lift your chin up off the ground  
And I m sorry I had to sleep so late  
My God has five o clock already come and gone?  
... come and gone

[Chorus]

**C** **C+**  
Rain on reddened streets the killing fields and hanging trees  
**F** **C**  
I m almost out of air  
**C** **C+**  
Flood Rome let it fall the sea s too deep for wrecking balls  
**F** **C**  
I m almost out of air  
**F** **G** **C**  
Can I start again?

[#2]

God knows I got no guarantee  
I ll wake up for the light in August or the memory

It s just a matter of indifference don t let the thought of it control you now  
Don t you now

I know that summer s slowing down but lift your chin up off the ground  
I m sorry I had to sleep so late  
My God has five o clock already come and gone?  
... come and gone

[Chorus]
