

G Bm

and it s still enough
G Em
Just how much distance means we re on our own?
Bm Em
and can we be happy
Bm Em
Happy alone?

Verse:

Em G C Em7 Em
The universe opens up the door
G C
and we go right in, it s there, it s new, it s cool
Em7 Em
it s something we ain t seen before
G
And five minutes in
C
an egg timer rings
A D
to clip off our carefree flapping wings
Bm Em
show us the things we can t afford
Em
and throw us overboard

Chorus:

G Bm

Em
but it s still enough.
G Bm Em
Just how much distance means we re on our own?
G Bm Em
until i see you off at home
Em
down the sidewalk in my head
G Bm Em
I might be sinking like a stone
C Bm
but perfectly happy (happy)
C Bm
just openly happy (happy)

Outro:

Bm **Em**
In my home, I've always known
C **Am**
I gotta be happy alone
Bm **Em**
so burn the mail, destroy the phone
C **Am**
yeah, I'd wanna be happy alone
Bm **Em**
the moving sky, the rocks below
C **Am**
All so perfectly happy alone
Bm **Em**
Our little hearts have turned to stone
C **Am**
I'd better be happy alone.
