Intro: **Em A Em A Em7 C**

Verse:

Em	G	C	Em7
Call in the airstrike, tell them to make the drop			
Em	G	C	Em7 Em
Initiate a cycle no-one but you can stop			
G	C	A	Em G
Would it be fair to say that you re in love with love?			
C	Em7 Em		
And is that enough?			
G	C	Em7 Em	
I bet you feel really potent stuff			
G	C		
the shadows of doubt on how things turn out			
A	D		
are typically gray			
Bm	Em		
But even the stucco on the wall			
Em			
is right two times a day			

Chorus:

G Bm

and it s still enough
G Bm Em
Just how much distance means we re on our own?
C
and can we be happy
Bm Em
Happy alone?

Em A Em A Em7 C

Verse:

Em G C Em7 Em
The universe opens up the door
G C
and we go right in, it s there, it s new, it s cool
Em7 Em
it s something we ain t seen before
G
And five minutes in
C
an egg timer rings
A D
to clip off our carefree flapping wings
Bm Em
show us the things we can t afford
Em
and throw us overboard

Chorus:

G Bm

Em
but it s still enough.
G Bm Em
Just how much distance means we re on our own?
G Bm Em
until i see you off at home
Em
down the sidewalk in my head
G Bm Em
I might be sinking like a stone
C Bm
but perfectly happy (happy)
C Bm
just openly happy (happy)

Outro:

Bm **Em**
In my home, I ve always known
C **Am**
I gotta be happy alone
Bm **Em**
so burn the mail, destroy the phone
C **Am**
yeah, I d wanna be happy alone
Bm **Em**
the moving sky, the rocks below
C **Am**
All so perfectly happy alone
Bm **Em**
Our little hearts have turned to stone
C **Am**
I d better be happy alone.

Bm Em C Am (x4)
Em A

This is my first tab and i did this entirely by listening to the song and trying to
it so if you have any corrections please inform me.
