

The World
Earlimart

This is the simplest version you can do in guitar-chord form, as the song is really meant to be played on a piano.

Capo is on the 3rd fret.

Em **D**
The world is all around us,
B
It s much too big to see.
Em **D**
And the words are seldom honest
B
So we never disagree.

A **B**
Oh, the world is all around us
C **G**
But have you noticed me?
A **B** **Em**
Yeah, the world has overshadowed me.

Em **D**
The world is all around us,
B
So tell me what you see.
Em **D**
Yeah, the world is all around us,
B
There s little room to breathe.

A **B**
Oh, the world is all around us,
C **G**
But have you noticed me?
A **B**
Oh, the world is all around us,
C **G**
Have you noticed me?

A **B**
Yeah, the world is all around us,
C **G**
Now it s plain to see
A **B** **Em**

That the world has overshadowed me.
