**G** **Em**  
I can love you in the morning I can love you all day  
**C** **D** **G**  
I can love you even more when I get home  
**G** **Em**  
I can love you every second to the ends of the earth  
**C** **D** **G**  
Where needing you s the only thing that s on  
**Em** **C** **C9**  
my broken one track mind

{Chorus}

**G** **Em** **C** **D** **G**  
Girl, I love you crazy It comes so easy, after all we had  
**G** **Em**  
I could love you with all my heart but the hardest part is  
**C** **D** **G** **C**  
I just can t love you back

**G** **Em**  
I could write a thousand letters Call a hundred times a day  
**C** **D** **G**  
Or try to drown my sorrow at the bar  
**G** **Em**  
I could go down to the church Get on my knees and pray  
**C** **D** **G**  
But it still won t change the way things really are  
**Em** **C** **C9**  
Won t bring you back again

{Chorus}

**G** **m**  
I can love you for all I m worth to the ends of the earth but  
**C** **D** **C** **C9** **G**  
I just can t love you back
