Easy October

D **Bm**

Be your most sparkling self, but at least

G

try to save some space in your heart

D

For someone like me

Take me for granted, forget my birthday

I forgive you,

if you save some space in your heart

Chorus:

G **A**

I could be your rocket man

You know

D **A**

I would burn, I explode

Bm

I would fireway just for you

G **A** **D**

Maybe tomorrow, not today

Verse:

Be your most sparkling self, but at least

Try to save some space in your heart

For someone like me

Show me the spark I do my best if fail

At least youâ€™ve got all the space

That you want in my castle made of sand

Chorus:

You could be my rocket girl

You know

I would burn, I explode

We could fireway somewhere new

Maybe tomorrow not today

I could be your rocket man

You know

I would burn, I explode

I would fire way just for you
