Eat Me Alice

Eat me Alice , distance.
Tabbed by Mike McConnell.

Distance (c)2000 Eat me Alice

Capo 4th

G , D , Am7 , Cadd9

I don t want your sympathy
I ll live without your company
This is really really agony
But do you still remember me

I miss you more for company
and bitter sense of irony
the devils own testimony
sings a sweeter harmony

Em , G , A , C B ,

Is this my life
my back and it s knife

Em B , C , Em D (Barre)

Nothing i do can help the light
Nothing i do makes it all right
When i find the light
we will be all right

What i do is who i am
you can accuse and damn
A sea of tears i swam
Just for this pityful Sham

Em , G , A , C B ,

Is this my life
my back and it s knife

Em B , C , Em D (Barre)

Nothing i do can help the light
Nothing i do makes it all right
When i find the light
we will be all right
