Riff # 1

Riff # 1

```

E                               E
Here am I, home at last with a golden view,
E                               E
Lookin for hope and I hope its you.
E                               E
Splitting my heart, cracked right in two
E                               E
The pleasure and pain and joy to

```

```

A                               B
Purify
A                               B
Our misfit ways and
A                               B
Magnify
A                               B
Our crystal days
