

**Just A Touch Away**  
**Echo & the Bunnymen**

Just a Touch Away

**Dm** **A7**  
You said you could make it disappear  
**A** **Dm**  
Make my pathway clean and clear  
**A7**  
You said I was just a touch away  
**A** **Dm**  
But I m not even close, no, I m nowhere near  
**A7**  
You said you could make it disappear  
**A** **D**  
And make my pathway clean and my pathway clear

Chorus:

**G** **D**  
How d you wanna go?  
**G** **D**  
Should we go together?  
**G** **D**  
I don t wanna go  
**G** **D**  
I m gonna live forever, live forever

Shadows and the fog are moving in  
From the world outside to my world within  
I m sucking on the dust that moves the air  
The pieces move but I m still there  
Shadows and the fog are moving in  
From the world outside to my world within

How d you want to go  
Calm or stormy weather?  
If we ve gotta go  
Let s go together, together...
