Just A Touch Away Echo & the Bunnymen

Just a Touch Away

Dm A7

You said you could make it disappear

A Dm

Make my pathway clean and clear

Α7

You said I was just a touch away

A Dm

But I ${\tt m}$ not even close, no, I ${\tt m}$ nowhere near

Α7

You said you could make it disappear

A D

And make my pathway clean and my pathway clear

Chorus:

3 I

How d you wanna go?

G D

Should we go together?

G D

I don t wanna go

I m gonna live forever, live forever

Shadows and the fog are moving in
From the world outside to my world within
I m sucking on the dust that moves the air
The pieces move but I m still there
Shadows and the fog are moving in
From the world outside to my world within

How d you want to go
Calm or stormy weather?

If we ve gotta go
Let s go together, together...
