Verse 1:

D **G**
Walking down this road I see a path that still reminds me
D **A**
Of everything that I have done before
D **G**
And in my heart I know that I am sifting through the riddles
D **A**
And I donâ€™t ever want to be alone
C **G**
I keep searching for the answers
C **G**
I keep looking around for more

(Chorus)

D
Then Iâ€™m free
C
So break these chains that bind me
G **D**
And strip away all that was there before
D
Now Iâ€™m free
C
Put all this pain behind me
G **D**
I finally found what I was looking for

Verse 2:

Morning comes and now I see my life is just beginning
I canâ€™t wait for all there is to come
You became my passion, gave me something to believe in

To what I was looking for

(Chorus)
