Bm (**A Bm**)
Things were all good yesterday
(**A G**)
And then the devil took your memory
(**D G**)
And if you fell to your death today
Bm
I hope that heaven is your resting place
(**A D**)
I heard the doctors put your chest in pain
(**A G**)
But then that could ve been the medicine
A
And now you re lying in the bed again
G
Either way I ll cry with the rest of them

D Bm
And my father told me, son
D **D**
It s not his fault he doesn t know your face
G D Bm
And you re not the only one
G D A
Although my grandma used to say

That he used to sing

Bm G Em
Darling, hold me in your arms the way you did last night
A
And we ll lie inside for a little while here oh
Bm G Em
I could look into your eyes until the sun comes up
A Bm
And we re wrapped in light, in life, in love
G Em
Put your open lips on mine and slowly let them shut
A Bm
For they re designed to be together, oh
G Em
With your body next to mine our hearts will beat as one
A Bm G Em A
And we re set alight, we re afire love
