## Billy Ruskin Ed Sheeran

Mr Ruskin come and paint my picture We re losing sleep cos we steal the week Now who s your best friend? Can you introduce me? See I can t seem to even let you breathe When I dance with Billy Ruskin in my mind s eye Please let me forget that I m standing on my own And I am my own best friend and I need me to see That I am more than what is hiding in me Come and show me if you can See I know you re me But I can t seem to understand If you know me, place my hand on mine F And we will resurrect the time C That we lost when you left my mind It s psycho-paranoia disappearing in time Come and show me what makes you tick I need you to get out of my mind quick
