CAPO 2do TRASTE!!!!

Oh, it took a while to read the signs
But she used to be a friend of mine
Leaning forward, but fell behind
Loneliness redefined

Over and all of above, I hope for
Happiness is all you know, but
I can't help but holdin' on, on
Ooh, ooh

Silence is never golden
Quietly stuck in the moment, I'm not over you
I'll be forever lonely
Silence ain't golden, you know that it's only blue

Blue
It's only blue
Blue

Oh, I missed the mark a hundred times
Try to take it back and change the night
Yeah, we used to set the dream alive
Till the day it's sunk and slowly died
