

Friends

Ed Sheeran

We re not

A E

No we re not friends nor have we ever been

B C#m

We just try to keep those secrets in a lie

A E

And if they find out, will it all go wrong

B A E

And heaven knows, no one wants it to

C#m

So I could take the back road

A B

But your eyes will lead me straight back home

A E

And if you know me like I know you

B

You should love me, you should know

E F#m

That friends just sleep in another bed

A B E

And friends don t treat me like you do

C#m A E

Well I know that there s a limit to everything

A B E

But my friends won t love me like you

A B E

No my friends won t love me like you

A E

We re not friends we could be anything

B C#m

If we try to keep those secrets safe

A E

No one will find out if it all went wrong

B A E

They ll never know what we ve been through

C#m

So I could take the back road

A B

But your eyes will lead me straight back home

A E

And if you know me like I know you

B

You should love me, you should know

E **F#m**
That friends just sleep in another bed
A **B** **E**
And friends don't treat me like you do
C#m **A** **E**
Well I know that there's a limit to everything
A **B** **E**
But my friends won't love me like you
A **B** **E**
No my friends won't love me like you

A
But then again, if we're not friends
C#m **B**
Someone else might love you, too

A
And then again, if we're not friends
C#m **B**
There'd be nothing I could do

E **F#m**
And that's why friends should sleep in other beds
A **B** **E**
And friends shouldn't kiss me like you do
C#m **A** **E**
And I know that there's a limit to everything
A **B** **E**
But my friends won't love me like you
A **B** **E**
No my friends won't love me like you do
A **B** **E**
No my friends will never love me like you
