```
Running through my head in circles
The world s gonna hate me for saying this
But patience is a virtue
So we don t have to rush
For our first yute
We could take time do rehearsals
And I ain t acting, this is personal
And I ain t doing this just to hurt you
[Chorus]
F:m
                   C
                       G
I should say goodbye before I say hello
             Em
                    C
So darling hold me closely tonight
            Em
                         C
      if you open your eyes I ll never let you go
Cause
Moving slowly we ll both sleep tonight
And I ll be dreaming till you wake me up
[Wretch 32]
When I m telling her about raving
She s telling me about cravings
I just want her to get the message
I don t want to have to be so blatant
So I told her my life ain t balanced yeah
So the time ain t right
She said God s clocks the only one that matters
And it s about time I tried
\mathbf{Em}
And if I listen to my family
Then I ll be a new addition to my family
I can t help feeling peer pressured
Everyone s looking down but
They don t understand me
And everyone s so suggestive
I m getting mixed messages
But nobody s rang me huh
```
