

**I'm A Mess**  
**Ed Sheeran**

**C5**

Ooh I m a mess right now

**Bb5**

Inside out

**Eb5**

Searching for a sweet surrender

**Ab5**

**Eb5 F5**

But this is not the end

**C5**

I can t work it out

**Bb5**

How?

**Eb5**

Going through the motions

**Ab5**

**Bb5**

Going through us

**Ab5**

And oh I ve known it for the

**Eb5**

longest time

**Bb5**

**Ab5**

And all of my hopes all my words

**Eb5**

Are all over written on the signs

**Bb5**

But you re on my road walking me

**Ab5**

home

Home, home

**C5**

**Bb5**

See the flames inside my eyes

**Ab5**

It burns so bright I wanna feel

**Eb5**

**F5**

your love, ohoh

**Bb5**

Easy baby maybe I m a liar

**Ab5**

But for tonight I wanna fall in

**Eb5**

love

**F5**

**Ab5**

And put your faith in my-y stomach

**C5**

I messed up this time

**Bb5**

Late last night

**Eb5**

Drinking to suppress devotion

**Ab5**

**Eb5**

**F5**

With fingers intertwined

**C5**

I can t shake this feeling

**Bb5**

No-ow

**Eb5**

We re going through the motions

**Ab5**

**Eb5**

Hopin you d stop

**Ab5**

And though I've only caused you pain

**Eb5**

**Bb5**

You know, but all of my words

**Ab5**

Will always be low

**Eb5**

Although all the lies we spoke

**Bb5**

When you're my road walking me

**Ab5**

home

Home, home, home, home

**C5**

**Bb5**

See the flames inside my eyes

**Ab5**

It burns so bright I wanna feel

**F5**

your love, ohoh

**Bb5**

Easy baby maybe I m a liar

**Ab5**

But for tonight I wanna fall in

**Eb5**

love

**F5**

**Ab5**

And put your faith in my-y stomach

**C5**

**Eb5**

**Bb5**

**Ab5**

**Eb5**

And for how long I lo-ove my

**Bb5 C5**

lover

**C5 Eb5 Bb5 Ab5 Eb5 Bb5 C5**

For how long I lo-ove my lover

**C5 Eb5 Bb5**

And now, for how long, long I

**Ab5 Eb5 Bb5 C5**

lo-ove my lover

Now, now, for how long, long I

lo-ove my lover (X2)

For how long, I lo-ove my lover

Now now, for how long, long I lo-ove my lover
