

Insomniacs Lullaby

Ed Sheeran

D#m B F# C# x2

D#m

Iâ??m getting very edgy

B

Cos youâ??re trying to take this from me

F#

C#

And itâ??s something that I wanted so bad

D#m

Cos youâ??re the definition

B

Of someone who has to ruin

F#

C#

The best thing that I ever had

D#m

Cos youâ??re a jealous girl

B

And all I can say is

F#

C#

Itâ??s your fault but partially mine

D#m

For losing hope

B

For not treating you right

F#

C#

But that will disappear in time

G#

B

All I gotta do is pass you by

G#

Never say whatâ??s wrong

B

C#

Whenever I say why?

D#m

B

Standing in the corner

F#

C#

Shadowed by the light

D#m

B

To you I seem much smaller

F#

C#

D#m

B

But I know it might be you

F#

C#

How much better could I do

G#

To be myself, not someone else?

B

Iâ??m losing sleep

I live only for the week

D#m

Iâ??ve grown to ignore you

B

Cos when I seem to bore you

F#

C#

You pretend that youâ??re not interested

D#m

Your eyes start to twinkle

B

Your smile starts to widen

F#

C#

And I just seem to try and forget

D#m

B

But you pay me no attention

F#

C#

Even though I do

D#m

B

But I donâ??t care as long as youâ??re mine

F#

C#

Itâ??s happening every time

G#

B

All I gotta do is pass you by

G#

Never say whatâ??s wrong

B

C#

Whenever I say why?

D#m

B

Standing in the corner

F#

C#

Shadowed by the light

D#m

B

To you I seem much smaller

F#

C#

D#m

B

But I know it might be you

F#

C#

How much better could I do

G#

To be myself, not someone else?

B

Iâ??m losing sleep

I live only for the week

G# B D#m C#
And Iâ??m falling harder now it seems
G# B D#m C#
My slip-ups haunt me in my dreams
G# B D#m C#
And I canâ??t sleep although I think I can
G# B D#m
Itâ??s insomnia I think I have
C# G#
But who cares when Iâ??m not your man?

D#m B F# C#

D#m B
Standing in the corner
F# C#
Shadowed by the light
D#m B
To you I seem much smaller
F# C# D#m B
But I know it might be you
F# C#
How much better could I do
G#
To be myself, not someone else?
B
Iâ??m losing sleep
I live only for the week
