

Little Bird
Ed Sheeran

Em **C**
We take this bird in with its broken leg
G **G** **D**
We could nurse it she said
Em **C**
Come inside for a little lie down with me
G **G** **D**
And if you fall asleep it would be the worst thing

C
And when I wake up
C
And your make up
G **G** **D**
Is on my shoulder
C
And tell me if i lie down
C
Will you stay now
G **D**
Let me hold you

Em
And if I kiss you
C
Will your mouth read this truth
G
Darling how I miss you
G **D**
Strawberries taste like lips do
Em
And it s not complete yet
C
Mustn t get our feet wet
G **G** **D**
Cos that that leads to regret diving into soon

Am **C**
And i ll owe it all to you
Em **C**
My little bird
