

New York
Ed Sheeran

I tried to get the chords as accurate as possible.. so here you go :)
And I wasn't 100% on the names of the chords so I just put them below
Capo 7/8

It's a bit tricky to get the hang of but it's easier if you listen to how he plays it

The asterisk next to some of the F chords just means play it as a barre chord
The chords in brackets are sort of transition chords that are only played quickly

	C	G	Am7	F	
e	---	0---	0---	0---	0-----
